Our Story

Camp Fontanelle has faithfully offered summer camp ministry and retreat opportunities since 1959. Over the last several years we have been impacted by floods, fires, and a health crisis. This has slowed progress on our building project but it has not stopped our leadership from continuing to serve families. This past year we developed new methods for sharing the gospel through virtual camp and family escapes. God continues to shower blessings on our camp ministry as we head into a new year. We are thankful for the supportive donors and a successful corn maze season.
